

To My Dear Brothers

My name is Travis Amsterdam and I am running for the position of chapter Recording Secretary. I was initiated in to Alpha through our very own Nu Mu Lambda chapter on March 15, 2014. After a two year stint serving in Togo, West Africa as a Peace Corps volunteer, I returned home in July of 2016 and have been active with chapter undertakings ever since. My primary contributions include serving as a mentor with the DeKalb Alphas Mentoring Initiative, serving as a delegate to the 2016 Georgia District convention, serving as a team captain under our Health&Wellness committee, participating in Feed/Clothe the Homeless Fridays, and assisting with intake activities during this last cluster. I have also attended every general body meeting since my return last summer.

My prior secretarial experience includes serving as the recording secretary on the executive board of the Honors Program Student Union at my alma mater, Morehouse College, during the 2010-2011 school year as well as serving as the recording secretary of my line during our process.

I chose to run for the position of recording secretary for the chapter not only because I honestly believe that I can proficiently and consistently perform the duties required of the position but also because of my commitment to Alpha. If my involvement in chapter activities thus far does not sufficiently demonstrate that, I hope that there are brothers active in the chapter that would speak on my behalf. I would like to put my time and commitment to good use in order to best represent and benefit the chapter. Thank you for your consideration and I hope that I have your vote.

Fraternally

Bro. Amsterdam
