

I am David Adlam a Fall 2014 initiate of Alpha Phi Alpha Fraternity Inc. through the Nu Mu Lambda Chapter. I have a background in banking and I'm currently a financial consultant for a consulting firm.

My platform is based on the idea introduced by our fourth General President Charles H. Garvin of "Espirit de Fraternite," specifically the question how much can I do for the Fraternity? After being in the chapter for two plus years and becoming a Life Member I decided that it is time to put action behind the past General President's question and serve in a leadership position. I want to use my experience to better serve the chapter and continue the work of Alpha in a financial capacity. I solicit your support to "Add it up for Adlam" and vote for me for Treasurer.
